Miranda, if you have some of this ready to go, can you send it through Novus so CPS can issue it a Council file number? The numbers don't get generated until a document goes through Novus. This item is the only thing holding up the Wednesday agenda and since the placeholder has been written up, they can move it forward once the Council number is issued.

Hello.

CD11 would like to have the proposed Venice Beach Business Improvement District scheduled in the Economic Development Committee on Tuesday with a placeholder in Council on Wednesday. We have the completed City Clerk Report and Ordinance and will have the establishing documents tomorrow morning. Can you please set aside a Council File number and place the matter on the agendas?

Rita Moreno is the BID Analyst and can be reached at 978-1122 or me at 978-1111.

Thank you.

The Councilmember would like the BID item to be heard at committee given how much interest there has been on this issue. He'd rather that hearing didn't happen at Council. I realize this may set us back but not necessarily as we can get it on next week's agenda.

Debbie
